PREFACE

Section 5(1)(d) of the Universities Act, Cap. 346 of the Laws of Tanzania gives mandate to the Tanzania Commission for Universities (TCU) to collect, examine, store in database or databank and publish information relating to higher education. In recognition of this mandate, TCU has been publishing statistics on university education in Tanzania in order to inform various stakeholders (such as the Government, students, parents, employers, the general society, etc.) on the state of university education in the country.

Considering the fact that good decisions are made on the basis of data, TCU has been publishing higher education statistics on various aspects including trends in admission; student enrolments disaggregated by various parameters including sex of students, field of education, institution ownership (public or private) and award level; number of graduates also disaggregated by several parameters; students' dropout by reason of termination of studies; programmes on offer; and number of academic staff.

While the focus has been on producing statistics related to university education, considering the provision of Section 12(2)(a) of the Universities Act, Cap. 346 of the Laws of Tanzania, which gives TCU the mandate to coordinate students' admission to Higher Education Institutions (HEIs), TCU has been publishing statistics covering both University institutions and middle-level tertiary institutions, herein referred to a Higher Education Institutions or HEIs.

This publication on vital statistics is a series of publications that are produced by TCU from time to time. Previous years' similar publications include the *State of University Education in Tanzania 2018*, which was produced in 2019, *Vital Statistics on University Education in Tanzania 2019, 2020 and 2021* which were published in 2020, 2021 and 2022, respectively. The *State of University Education in Tanzania 2018* was based on data collected during the 2017/2018 academic year covering a span of five years.

This publication provides vital statistics on various aspects of university education in the country. With the exception of admission, enrolment and graduate data for bachelor's degrees which the statistics cover both University institutions and middle-level tertiary institutions (HEIs), the remaining aspects or parameters, the statistics generated are concerned with only university institutions (that is, data from Full-fledged Universities, their associated Colleges, Campuses, Centres and Institutes). This restriction is in recognition of the fact that middle-level tertiary institutions are regulated by the National Council for Technical and Vocational Education and Training (NACTVET).

The statistics produced in this publication are based on data collected during the 2022/2023 academic year. The data on graduates, dropouts and programmes on offer were collected through the Universities Information Management System (UIMS) that is managed by the Commission while the data on students' enrolment were collected through the Application Programming Interface (API), which is a communication protocol between the university institutions' information systems and that of the Commission. It is also worth mentioning that the statistics on admission trends are based on data collected as at 31st December 2022. This means therefore that the statistics on graduates, dropouts and postponement were for the 2021/22 academic year. On the other hand, the statistics regarding admissions, programmes on offer, academic staff in university institutions and enrolment are for the 2022/2023 academic year.

I express my heartfelt appreciations to the Chairperson and members of the Commission and its Committees for their support and guidance. I am also grateful to the TCU Secretariat for conducting the analysis of the data and ultimately producing this publication. In particular, I wish to acknowledge Dr. Kokuberwa Katunzi-Mollel (Director of Admissions Coordination and Database Management); Dr. Telemu Kassile (Director of Accreditation); Mr. Buyamba Kassaja (Director of Corporate Services); Dr. Fulgence Matimbo (Principal Quality Assurance Officer), Mr. Augustine Swai (Principal Computer Programmer); Ms. Bahati Dyegula (Senior Quality Assurance Officer), Mr. Mathayo Mafang'ha (Quality

Assurance Officer); Mr. Calvin Temba (Quality Assurance Officer), Ms. Esther Elia (Quality Assurance Officer) and Estomii Edward (Quality Assurance Officer) for managing the production of this publication.

Prof. Charles Kihampa
Executive Secretary, TCU

Admitted students: means students selected to join a particular programme in Higher Education Institutions.

Campus college: means a non-autonomous governance unit within the premises of or in close proximity to a university established by a legal instrument of a university.

Discipline: means a branch of knowledge, skills and competences acquired through teaching or learning at university or professional level

through specific programmes. A discipline usually has most, if not all, of the following attributes:

- a) a particular object of research (e.g., criminal law, robotics, etc.);
- b) a body of accumulated specialist knowledge, skills and competences which may be acquired through learning, research, and work-related activities;
- c) theories or concepts arising from organising the specialist knowledge, skills and competences in the field of study; and
- d) specific research methods, techniques, language/terminology, work procedures, application of technology, innovation and related sciences.

Enrolment: means the number of students registered in a particular programme in Higher Education Institutions.

Higher Education Institutions: in the context of this document means University institutions and Middle-level Tertiary institutions offering Bachelor degree programmes.

Programme: means a curriculum of studies that leads to some form of recognition through an academic, technical or professional award in a discipline.

University: means an institution which offers a level of education and training that leads to intermediate and full academic or professional qualifications and competence namely certificate, diplomas and degrees.

UNDERGRADUATE STUDENTS' ADMISSION IN HIGHER EDUCATION INSTITUTIONS
