## **Preface**

The Tanzania Commission for Universities (TCU) through its mandate as spelt out under section 5 (1) (c) (i) of The Universities Act, Cap. 346 of the Laws of Tanzania, read together with regulation 39 of The Universities (General) Regulations, GN. No. 226 of 2013, coordinates admission of students into Higher Education Institutions (HEIs) within and outside the country. The legal provisions oblige the TCU to ensure that qualifications of students admitted in HEIs are consonant with admission criteria approved by the Commission.

To facilitate the admission process, TCU prepares **Admission Guidebooks** annually to guide TCU, HEIs and the applicants on admission procedure, available opportunities for higher education and institutions that have been permitted to admit new students in a particular academic year.

This book provides information on Bachelor's Degree programmes approved to admit students in the 2022/2023 Admission Cycle. It gives description of institutions and where they are located, minimum entry requirements for each of the programmes, programmes' admission capacities and duration of each of the programmes. Each applicant is strongly advised to carefully read and understand the procedure and programme admission requirements before lodging his/her application to the respective institutions.

Executive Secretary,

**Tanzania Commission for Universities**

**July, 2022**

## **1.1 Introduction**

The Bachelor's degree Admission Guidebook is a tool to guide HEIs, the prospective applicants and other stakeholders on the admission procedure and criteria for students' admission to the HEIs and to enable TCU on the other hand, to regulate the admission process in line with section 5 (1) (c) (i) of The Universities Act, Cap. 346 of the Laws of Tanzania, read together with regulation 39 of The Universities (General) Regulations, GN. No. 226 of 2013.

The guidebook is further intended to inform prospective students, parents/guardians, HEIs and stakeholders about institutions which offer Bachelor's degree programmes, accredited Bachelor's degree programmes in the respective admission cycle, minimum entry requirements, programme admission capacities and duration of each of the programmes.

## **1.2 Quality Assurance**

TCU is required under the provisions of section 5 (1) (b) of The Universities Act, Cap. 346 of the Laws of Tanzania to audit, on a regular basis, the quality assurance mechanisms of universities. The audit process includes among others; carrying out evaluation, assessment and monitoring of university institutions on a continuous basis, preparing and revising guidelines for quality assurance and other related matters, for the purposes of monitoring and regulating general management and performance of universities.

To facilitate this process, the Commission has been dully mandated under the provisions of section 16 of The Universities Act, Cap. 346 of the Laws of Tanzania, as amended, to charge and collect quality assurance fees. In view of this mandate, the Commission at its 64<sup>th</sup> meeting held on 3<sup>rd</sup> July, 2014 approved Tshs. 20,000/= being Quality Assurance Fee which has to be paid by every student enrolled to a university institution regardless of the programme of study. The legal

provisions thus obligate all University institutions to collect and remit annually to the Commission the prescribed quality assurance fee for every student in the University's nominal roll.

### **1.3 Entry Schemes into Bachelor's Degree Programmes**

Four entry schemes to Bachelor's degree programmes are recognised by the Commission as follows:

- i) The direct entry qualifications for holders of ***Form Six Qualifications***;
- ii) The equivalent entry qualifications for holders of ***Ordinary Diploma or Equivalent Qualifications***; and
- iii) The equivalent qualifications for holders of ***a Bachelor's degree award***.

### **1.4 Students' Admission Procedure**

University or college admission entails processes and procedure through which students enter tertiary education at universities or colleges. It includes procedures and processes involved in the application and approval to undertake a programme of study at the University or College. Thus, the procedure described in the forthcoming section applies to the admission of all categories of Bachelors' degree students to accredited programmes under- a university, a university college or a middle-level tertiary institution.

#### **1.4.1 Admission Principles**

- a) The admissions process shall be based on the submission of applications (*available through institutions' websites*) and supporting credentials to a HEI of applicant's preference;
- b) Admission into HEIs shall be determined on the basis of approved admission pathways; applicant's entry qualifications and the programme capacity;

**Bachelor's Degree Admission Guidebook for the 2022/2023 Academic Year
